2. Question

Q2 INDUSTRY TASK 2: Online Food Ordering and Billing System

25 marks

Problem Statement: A restaurant wants to develop a simple Food Ordering and Billing Application for its counter staff. The application should allow customers to select food items, specify quantities, and generate a final bill.

Functional Requirements

□ Develop the application using Java AWT.

□ Create fields for Customer Name and Table Number.

□ Provide Food Category, Food Item, and Quantity selection using appropriate AWT components.

□ Provide Add Item, Generate Bill, Clear, Next, and Previous buttons.

□ Display selected food items in a List or TextArea.

□ Calculate item-wise cost, Subtotal, GST, and Final Bill Amount.

□ Implement button click events using ActionListener.

□ Use CardLayout to create separate screens for Customer/Order Details, Food Selection, and Bill/Order Summary.

□ Validate quantity and ensure that an item is selected before adding it to the order.

Industry Context: The application represents a simplified restaurant POS (Point of Sale) system used for taking customer orders, processing prices, and generating a customer bill.

Expected Deliverables

□ Java source code.

□ Working multi-card AWT interface.

□ Sample order and generated bill.

□ Screenshot of each card/screen.

□ Brief explanation of CardLayout, AWT components, and event handling.

Answer:

The screenshot shows the Eclipse IDE with the Java source code for 'FoodOrderingAWT.java'. The code is a Java AWT application that uses CardLayout to manage multiple screens. It includes fields for Customer Name, Table Number, Food Category, Food Item, and Quantity. It also includes buttons for Add Item, Generate Bill, Clear, Next, and Previous. The code calculates item-wise cost, Subtotal, GST, and Final Bill Amount. A screenshot of the application window is overlaid on the code, showing the 'BILL / ORDER SUMMARY' screen. The window displays the following information:

FINAL BILL		
Customer Name :	K.Dhilip	
Table Number :	4	
Food Item	Qty	Cost
Ice Cream	4	₹240.00
Subtotal		₹ 240.00
GST (5%)		₹ 12.00
FINAL BILL AMOUNT		₹ 252.00

Below the table, it says 'Thank you! Visit Again!' and has 'Previous' and 'Clear' buttons.
